FAVAHMULAH, MALDIVES

13 - 18 January, 2023

12 dives

What to expect

Diverse Pelagic Life

Experience some of Maldives' finest diving in the southern-most tip of the islands, at Favamulah. Big pelagic such as Thresher Sharks, Hammerheads, Whale Sharks, Manta Rays, and fearless ocean hunters such as Tiger Sharks call the waters around this tiny island their home.

Scuba Diving

This itinerary is made for scuba diving. Over 5 days, we will be doing 12 dives. Divers must have at least 25 dives of prior experience to join us on this trip, and be advanced-open water diving certified, or equivalent. Dives start early in the day and end late in the noon.

Team Spirit

Relaxed Surface intervals, light hearted conversations and dive stories will form our ocean adventures.

Conservation

Respect for wildlife and for each other is a matter of course for us. Animals will not be chased or will be forced into interactions. We request you to carry a sense of respect and understanding for the ocean, it's creatures, and practices that can have adverse effect on the ocean.
